Hi! Ken

I received your e-mail. Today I tried to reach my cousin Peter Horvathov by phone and by e-mail. I hope to have the right e-mail address, maybe I'll receive the answer soon, at this time it's 6 hours more so it's late at their place. They never answer at my phone calls today, so I'll try tomorrow. His wife name is Bozena Sekerova Horvathova, Sekerova family is in Popelas family, I think it's on her mother's side, when I went to Budkovce Michalovce they brought me at her mother's house, it's on the back of the Church on the same street that your Grand-Father lived when he was young. My father lived not far from there when he was young and your grand-father was his best friend, it's a very nice place. I went to see on Google Map....I wroteChurch at Budkovce and I tried to see if I could read the name of the Street....I'll have to try again. I think that we can get that information by Juraj Cisarik he travels by there often with the people and makes to visit that place to them, he finds persons of our family and he propose to visit them. The cemetery is not far from there, When I went there I found my grand-mother's grave and my grand-father's, and there's Janos Popelas grave, I think that he is your grand-grand-father it was written in the years of 1860 ...it's in Budkovce.....

If you make your family tree on your father's side with Juraj Cisarik, it goes very fast and the informations goes faster after, the discussions by e-mail are very easy after, and then you will be able to find your family on your mother's side, you can just try to start and he'll be able to give you at first about 10 to 12 names but at first you give him all the informations that you have and then he will search the 10 to 12 family people and send you to prouve with pictures of documents by e-mail. (Documents:- Birth-baptisem-marriage-death-census etc..etc so you will have the names of parents-children- the years and etc) it's easy to see the truth of his search that way.

It's not because I want to sell you Juraj but he's the one that helped me to find my family in Europe. I tried other place but it's not worth and spend money for nothing. It's to bad that my father is gone because he tried himself to have informations on his father's side and on his mother's side and never could get it, but now I have those informations.

Well I'll write back to you if I reach my cousin tomorrow if not I'll have to wait for his answer to the e-mail that I sent him today.

Have a nice day
